PROFILE

Full Stack Developer with 3.7 years of experience building scalable, end-to-end web applications for real-world clients. Proficient in Node.js, Express.js, MySQL and Sequelize on the backend and Angular, TypeScript and Angular Material on the frontend. Experienced in REST API development, Agile workflows and Git-based team collaboration. Currently exploring Microservices, RabbitMQ and Redis.

TECHNICAL SKILLS

Frontend: Angular, TypeScript, JavaScript, Angular Material, Bootstrap, HTML & CSS

Backend: Node.js, Express.js, REST APIs, Sequelize ORM

Database: MySQL

Tools: Git, Postman, Agile / Scrum

Exploring: Microservices, RabbitMQ, Redis

WORK EXPERIENCE

Full Stack Developer | Riota Private Limited, Chennai

Oct 2022 – Present

- Built and maintained REST APIs using Node.js and Express.js across 4+ production web portals
- Developed dynamic Angular frontends with multi-theming, multi-language support and Angular Material components
- Designed and optimized MySQL schemas using Sequelize ORM for high-performance data handling
- Integrated frontend with RESTful APIs ensuring seamless UX and collaborated in Agile teams using Git

PROJECTS

Vending Machine Web Portal

- Developed a full-featured vending machine portal with customer service, user management, and improved UI/UX
- Implemented multi-theming, multi-language support, and advanced search options for enhanced accessibility
- Optimized REST APIs for performance, resulting in faster response times and a seamless user experience

Battery Management System

- Enhanced a battery monitoring portal with visual dashboards and real-time data display
- Improved customer management workflows and optimized role-based user access controls

Land Banking System

- Built end-to-end land banking platform with customer onboarding, approval workflows, and transaction tracking
- Implemented a daily cash book balance feature and automated payout notification system

Legalese – Legal Case Management

- Contributed to an integrated system for managing advocates, judicial cases, and casebooks
- Developed data import pipelines and implemented specific APIs within the legal management workflow

EDUCATION

B.Sc. Computer Science | Pondicherry University

Mahatma Gandhi Govt. Arts College, Chalakkara Post

2018 – 2021
